Thrive. For Life.

Delhi NCR, India

The Goenka Campus

Home to the world's second largest higher education environment

Students at GD Goenka University are provided substantial opportunities to experience the culture, work and study environment in one of the world's largest and most rapidly growing economies. Students are provided the opportunity to work or intern at Indian and Foreign companies operating in India. The University is based in Gurugram, one of the major commercial hubs in India.

Welcome

In the changing landscape of global higher education, the concept of internationality has become a more important and coveted metric for universities across the world. Nowadays, with the world becoming a global market, borders have become less important and thus it's important for universities to make sure they can provide a truly international landscape to their students and faculty in order to become more competitive in the national and international community. Internationality is of great significance as it opens up avenues for global exposure, collaborations, and knowledge exchange, which can lead to a rich cultural exchange and a broadening of perspectives. Moreover, international partnerships and collaborations can provide access to cutting-edge research, technology, and expertise, thereby boosting academic and research credentials.

GD Goenka University stands apart from the other higher educational institutions of India, in the wide array of the educational spectrum it covers. The University motto of "Thrive. For Life." truly reflects in the 154 K-12 schools under the aegis of the GD Goenka Group which cover the length and the breadth of the country. The University is among the select universities in India to be accorded Diamond Rating for teaching and learning, the highest rating, in the QS-I Gauge assessment of universities in India. The Group truly has proved itself to be a torchbearer of that holistic development of the individual which will ultimately contribute to India's position as a Global hub of Education, Research & Innovation. It is a member of prestigious national and international associations like the Association of Indian Universities (AIU), association of Commonwealth Universities (ACU) and the International Association of Universities (IAU). GD Goenka University is also home to a large community of international students who are studying full-time on our campus. We have implemented several cross-cultural programs to invite international exchange campus students to our beautiful and well- equipped campus. Our specially tailored programs for international exchange students include sightseeing, community outreach programs to orphanages and other social organizations, special cultural events with Indian students, and special language and culture workshops, in addition to their studies and research. Our international students have access to counselling and medical support, and exchange students can avail of internships in our campus labs, as well as special projects where they can work with mentors on advanced cutting-edge research projects.

We have a beautiful campus over 60 acres in size, which includes an Olympic size swimming pool and a comprehensive Fitness Centre, as well as a basketball and tennis court for the students to wind off in their free time.

As part of our global outreach program, we also invite faculty mobility opportunities, joint conferences, joint research projects, joint Ph.D. Programs, and joint consortiums for funded research with the industry and academia. In addition, we also invite you to collaborate with our High Schools and with our World School, as nothing opens up more possibilities than the ever-expanding mind of a youngster. Now with the emerging global landscape, India has become more important than ever with its strategic geographical location, its young dynamic population, making it an important hub for industry, production, finance, and research. The University, facilitates to make you a part of this landscape, whether you are an international student, scholar, faculty, university, organization, or company.

With a focus on academic excellence, innovation, and holistic development, GD Goenka University invites you to explore its vibrant campus and explore its diversity so that together we can make the world a better place.

Dr. Ugur Guven
Senior Professor - Aerospace Engineering
Director - International Affairs
Director - International Admissions & International Marketing

International Student Experience

“ For me the whole teaching experience has been amazing as it is practical based. While studying at GD Goenka University I not only got the opportunity to learn from experienced faculty members but also got a chance to interact with different students coming from different backgrounds as well. ”

Mikael Habteselassie
B.Tech CSE | School of Engineering
Ethiopia

“ I truly believe that GD GOENKA University has the greenest campus with mesmerising views. The Faculty members are extremely helpful and never hesitate to share their experience with us. My stay at the campus as a foreign student has been very comfortable at the same time I have gotten a chance to meet students from various cultures and also learn more about their unique traditions. ”

Lidiane Vignes
Msc. Communication Design
School of Fashion & Design
Brazil

“ I am content to have chosen GD Goenka University as a place to further my education. The ever welcoming and friendly staff makes the ambiance so Pacifying. My experience so far here is definitely a memorable one. I am glad that I chose this university for my higher education. ”

Victoire tshola katonona

Semester Exchange

All of our courses are taught in English and we provide transcripts in US and ECTS credits. You can choose from any course that we offer. Some of the amenities we offer:

- Language Support for Learning English
- Academic Mentor for the Duration of the Exchange
- International Student Orientation
- Cultural Tours on Weekends to Touristic Destinations
- Community Outreach Programs to Orphanages
- Full Fitness Center & Olympic Swimming Pool

Internship Exchange

You can come for a 3–6-month internship to GD Goenka University facilities. You can choose from a multitude of internship projects under faculty mentors

- Language Support for Learning English
- Academic Mentor for the Duration of the Project
- International Student Orientation
- Cultural Tours on Weekends to Touristic Destinations
- Community Outreach Programs to Orphanages
- Full Fitness Center & Olympic Swimming Pool

Dual Degree Programs

Students from partner universities as well as GD Goenka University can pursue internationally integrated Dual Degree programs through models such as 3+1, 2+2, and other flexible transfer structures. These programs allow students to study at both their home and host universities while earning globally recognized qualifications and gaining valuable international academic exposure.

Students receive separate transcripts and degrees from both institutions, with courses delivered entirely in English and credits available in both US and ECTS formats. The programs provide opportunities for international students to study at GD Goenka University, while also enabling GD Goenka University students to complete a part of their degree at international partner universities, creating a truly global academic experience.

What We Offer

- International Dual Degree Programs (3+1, 2+2 & Flexible Transfer Models)
- Opportunities for GD Goenka University Students to Study at International Partner Universities
- Opportunities for Students from Partner Universities to Study at GD Goenka University
- English-Medium Instruction
- Academic Mentorship & International Student Support
- Global Academic Exposure & Cross-Cultural Learning Experience
- Modern Campus with World-Class Facilities
- Diverse Programs Across Multiple Disciplines

Pathway to Abroad Study Program

Students from partner universities as well as GD Goenka University can begin their academic journey at their home institution and spend 1-2 years at the host university through our Pathway to Abroad Study Program, gaining international exposure, cross-cultural learning, and a globally enriched academic experience.

What We Offer

- Credit Transfer Opportunities
- English-Medium Instruction
- Global Academic Exposure & International Learning Environment
- Academic Mentorship & Student Support Services
- Cultural Immersion & Diverse Campus Experience
- Modern Campus & World-Class Facilities
- Flexible Study Options for Incoming and Outgoing Students

Immersion Programs

You can come for a 1-2 weeks immersion program to GD Goenka University to study Artificial Intelligence or Business Management at the heart of India.

- Workshop by Global Experts
- International Student Orientation
- Cultural Tours including Taj Mahal, Mussoorie, Rishikesh (Yoga capital of the world)
- Full Fitness Center & Olympic Swimming Pool
- Full Accommodation & Meals Included

You can come for a 1-2 months Summer School Programs to GD Goenka University to study Artificial Intelligence, Business Management, Smart Cities, Smart Design, Internet of Things, Indian Law and many more at the heart of India.

- Teaching by Global Experts
- Up to 8 ECTS Credits
- International Student Orientation
- Cultural Tours including Taj Mahal, Mussoorie, Rishikesh (Yoga capital of the world)
- Full Fitness Center & Olympic Swimming Pool
- Full Accommodation & Meals Included

Summer Schools

Campus Life

The University has a vibrant campus life that focuses on the holistic growth of its students and gives ample opportunities for the same. The Board of Student Activities (BSA) and the Student Engagement and Experience (SEE) are specialized student bodies that have been especially created to give a platform to our young students to perform and take the lead in organizing events, thus honing their skills. The University Annual Fest- Acceleron & Sportopia, offer techno-cultural and sporting activities that invite wide participation from Universities of Delhi-NCR and give our students an opportunity to showcase their skills on a global platform. The University's sprawling campus has designated spaces for various sports as football, basketball, cricket and tennis. The University also houses an indoor half Olympic size swimming pool and a one of its kind Indoor Shooting Range, exclusive to the institution in the whole of Delhi-NCR.

School of Engineering & Sciences

School of Engineering and Sciences (SoES) offers over 25 undergraduate, postgraduate, and Doctorate programs in engineering and sciences, designed to provide students with a strong foundation in theoretical concepts and practical skills. The curriculum is regularly updated to keep up with the latest trends and technologies, and collaboration with industry experts to ensure that students are equipped with the latest technologies and techniques used in the industry. The dual specialization opportunity enables students to gain in-depth knowledge of a relevant domain, preparing them to become industry-ready, pursue higher studies, or become entrepreneurs. The state-of-the-art facilities, including modern labs and equipment, ensure that students receive hands-on training in the latest technologies. The highly qualified faculty members bring their industry experience into the classroom to provide a well-rounded education to future engineers and scientists of the society.

As one of the most prestigious colleges in Gurgaon, the School of Agricultural Sciences provides exceptional employment prospects as a result of its commitment to academic excellence, focus on teaching, research, and holistic education, and the benefits of being in the National Capital Region (NCR) location. As one of the top schools for B.Sc agriculture, we have proficient teaching professionals who are competitive, skilled and experienced. The faculty and students of the school are actively involved in research and the school of agricultural sciences creates professionals through holistic education, who are globally competitive in agricultural sciences.

School of Agricultural Sciences

Centre of Aerospace and Energy Studies

The Centre of Aerospace and Energy Studies (SOES) at GD Goenka University is a cutting-edge academic and research hub dedicated to shaping future engineers, innovators, researchers, and industry leaders in the fields of aerospace and energy. The Centre offers specialized undergraduate, postgraduate, and doctoral programs in Aerospace Engineering, Aviation, Energy Engineering, and related domains, with a strong emphasis on innovation, sustainability, and global excellence. The curriculum is designed in collaboration with industry experts and international partners to provide students with strong theoretical foundations along with practical exposure through advanced laboratories, research projects, internships, and hands-on training. Unique opportunities such as the "Pathway to Pilot" program, specializations in Aeronautics, Astronautics, Avionics, Defense Technologies, Renewable Energy, and Nuclear Energy enable students to gain industry-relevant expertise and global exposure. With state-of-the-art infrastructure, research-driven learning, and highly experienced faculty members, the Centre prepares students to become future-ready professionals, researchers, and entrepreneurs in the rapidly evolving aerospace and energy sectors.

For ten years, Le Cordon Bleu Gurugram has delivered internationally-recognised culinary arts and hospitality management programmes to domestic and international students. Today the students can choose from four unique learning environments in which to learn the art of French culinary techniques, or study a hospitality management business degree with award-winning chef lecturers and teaching staff. There is an opportunity to round off your knowledge by doing an MBA in Hospitality and Tourism Management. The School is recognised and respected by culinary and hospitality professionals around the world. Indeed, Le Cordon Bleu is considered to be synonymous with outstanding quality. All the courses have been developed in close collaboration with the industry and they combine essential theoretical knowledge with a hands-on practical approach in one of the world's best infrastructure.

School of Hospitality & Tourism

For more information visit www.gdgoenkauniversity.com

School of Liberal Arts

The School strives to establish a strong foundation in the fundamentals of liberal education, linking knowledge and skills through experiential learning and focuses on creating competent and ethical professionals committed to the practice and application of their discipline to the outside world, while serving the local community. The system offers the students the flexibility to choose interdisciplinary courses harnessing holistic development and offers opportunities of engagement with the industry through inter disciplinary projects, internships, guest lectures, webinars and field trips, industry engagements, guest sessions, value added courses, apprenticeship, fieldwork, group presentations, and an intensive mentor-mentee program, which are integral threads woven across all programs. With advanced infrastructure, unique holistic curriculum, well-equipped labs and library, skilled faculty, lively co-curricular activities, the School creates an environment to maximize learning and facilitate overall development.

School of Law

The School of Law aims to explore and identify novel areas of law and policy through relentless engagement in developing legal theory and practice, academic potential, critical analytical ability, and advocacy skills, so as to fully equip the students with a learning which is intellectually stimulating, socially vital, and professionally enriching. SoL trains them for placements in judicial and quasi-judicial bodies, regulatory authorities, commissions, voluntary organizations and other sectors. The School of Law offers 3- Year LL.B. (Hons.) program and 5-Year Integrated B.A./BBA/B.Com LL.B. (Hons.) program. Techniques of instruction include lectures, problem-based learning, seminars, informal small group discussions, moot court competitions, individually supervised field and library research projects, and a variety of experiential methods.

School of Management

The School of Management at GD Goenka University through its experiential learning pedagogy, focuses on sustainability, is supported by technology and international exposure, and endeavors to produce the leaders of tomorrow. The school through its highly qualified & experienced faculty, lays a special emphasis on experiential learning, through internships, finance laboratories, and clubs. The activities of clubs are devoted to personality and soft skill development. The Corporate Readiness and Personality Enhancement department teaches and trains the students to be industry ready. It trains them to work in teams, participate in group discussions, and revise and update their resumes as per the demand of the industry. SoM also regularly organizes industrial visits, guest lectures, conferences, seminars, summits, and corporate meets to provide exposure to students.

The School of Healthcare and Allied Sciences offers an unmatched array of Academic and Research opportunities including cutting-edge innovation-based programs in biosciences. Across the programs, the dedicated faculty and staff are training the next generation of healthcare professionals, and medical researchers, making remarkable achievements to help create the gateways for better health for our communities around the world. The availability of state-of-the-art technology-rich laboratories equipped with sophisticated instruments, ICT-enabled classrooms, functional OPDs, a well-stocked digitalized library (with more than 2000 scholarly e-journals), and computational facilities makes the School of Healthcare and Allied Sciences one of the fastest emerging institutions for students aspiring a career in healthcare sciences.

School of Healthcare & Allied Sciences

For more information visit www.gdgoenkauniversity.com

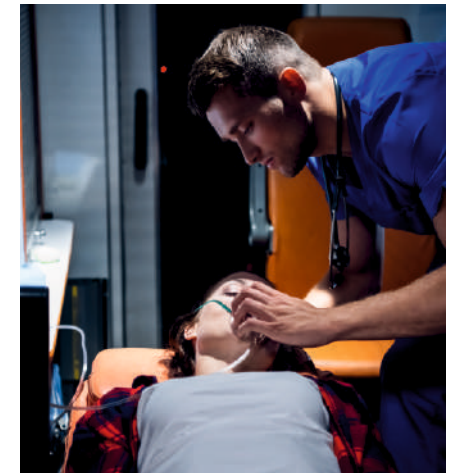

UID United World Institute of Design

The school was founded with the aim to outclass the top design colleges in India with its state-of-the-art labs and hands-on creative learning, and it seeks to create trendsetters and ideators for the future of the society. Programmes at UID, are designed with strong professional emphasis and in close partnership with the industry. Every course has been structured to deliver insights into the importance of individual and collective creativity, be it a theoretical assessment, design practice, curatorial evaluations or artistic considerations. At UID, one gets an all-innovative, individually tailored study support, award winning courses, excellent faculty and world-class facilities including state-of-the-art labs, a makers' space, and collaborative workshops.

Centre of Excellence Occupational Health, Safety, Fire & Environment

The Centre for Excellence in Occupational Health, Safety, Fire & Environment (C-OHSFE) is a professional centre that promotes the study of occupational Health & Safety and risk engineering with practical oriented education in the field of occupational health & Safety, Environment, process safety, risk management & disaster management. The Center provides courses at all levels viz. diploma, bachelor degree, master's degree as well as Doctoral degree creating graduates who are globally competitive in their field. C-OHSFE is also involved in innovative research related to the domain of health, safety, fire and environment, and in addition, C-OHSFE develops tailor made course as per the industry requirement.
